ARE YOU READY FOR 5773?

We are fast approaching Rosh Hashanah and the new Jewish year of 5773. As always we are fasting in preparation for this appointment with God. This fast has been different in that God has not laid a 'heavy' instruction on us to fast and prepare. It has been as if He has said, "I am not placing demands on you, you bring the sacrifice or worship that you want to bring." God is looking for volunteers in the day of His power (Psalm 110:3)

Last year at this time I wrote this:

It feels like it is a cut-off time similar to when God finally passed judgement on the Israelites in the wilderness. He had grace with them and gave them time to repent, but when they continued with their complaining and unbelief, He eventually judged them and decreed that they would die in the desert. They would not enter the promised land. I believe that we are in a similar juncture of time.

God has been speaking to us over the last number of years to sort ourselves out - deal with the cyclical sin and unbelief issues in our lives. If we do not do that, he is going to disqualify us from building with Him into this next season. A scary thought!

It is time to believe the word that God has spoken over us. God does not want to be liked, He wants to be believed! He wants us to believe that He has made us more than conquerors. He wants us to believe that we can overcome as we abide in him. It is time to overcome sin, time to overcome doubt, time to overcome selfishness and laziness, time to overcome hurt and criticism - it is time to overcome every obstacle in your life that is stopping you from being built into the House of God.

I believe that 5772 was a cut off year. The whole year has been one in which we have had to finally decide whether we are ready to serve God whole-heartedly and 'cut off' all that would seek to hold us back. Bitterness, divisiveness, backbiting and disloyalty must be cut off. There is no place for it in the House of God that is being established. We have had this whole year to do all these things. The whole year has been our time to close the door of the past and step into the new. Some have done it, others have not and some are still struggling. I want to encourage those who are struggling

to press into God in these last days before Rosh Hashanah and find the grace that is readily available to help you align with God. For if we do not, the door is closing and those who are outside will remain outside. They will not be found before the throne of God when He hands out His Kingdom assignments for 5773!

Our 4th Next Generation Conference was attended by young people from across the nation. They came with hearts hungry for Jesus - to learn to know Him and His ways. And they were not disappointed!

We learnt about all the way that the enemy is marking us as his property - from tattoos to negative thoughts! Apostle Natasha ministered the truth to these young people and they were truly set free. Free to decide that they want to follow Jesus and lay their lives down for Him and be marked by Him. I believe the testimony below is indicative of the response of all that attended!

The Next Generation Conference was just so awesome for me. I would say that this Next Generation Conference was the best! It was crazy to see that God is busy bringing His end time army together and realize that we are part of His generational plan! Apostle Natasha preached an amazing message on Friday night - she could not have started the conference in a better way. Imagine, we can affect our bodies with the way we think! If we think negative thoughts all the time, we will be weak, sickly and negative. But if we think according to what God says, we can become a high-tech weapon in God's Kingdom. If we have a Christ-like mindset, we can create the atmosphere around us and not live in the atmosphere that people or the world want to force on us. Do we really know who Christ is in us? If we belong to God, the creator of the universe, His Power, His Spirit, His Righteousness, His Holiness, Everything He is lives in us, I mean really!!!!!! That is just mind blowing!!!

Also do not let the enemy lie to you so that the issues and problems you have in your life, especially your sins, keep you in bondage. Confess your sins to one another, get it out, speak it, shout it out, the enemy wants you to keep it to yourself so that he can kill you slowly inside....God gave us a voice, use it. God will not leave you, nor forsake you, Jesus will set you free no matter what the enemy has you captive in. People gave their testimonies, oh how just awesome that was, I could actually feel how those testimonies broke off the enemy's chains. Please get the DVD's or CD's....

We are God's plan and purpose. **Believe** that the Son of the living God died for this chaotic, sin-filled world. it is time to take back our territory, it is ours, the enemy is old fashioned and cannot create, there is so much more in God. Stop wasting your time with the enemy. God made everything for us, we will ask for nations, we will fight for the nations!!! We will choose God in ALL our ways!!!! Although we bleed, have pain, hurt and are sacrificing, but I tell you, to die and to offer myself for THE ONE AND ONLY GOD, it is just a privilege!!!

MARKED FOR ETERNITY
NEXT GENERATION

When there is a shift in government or a transition from one era to another, God always raises a prophetic voice to close off the old and usher in the new. Apostle Natasha illustrated this truth as she taught on the original pattern of the School of the Prophets as instituted by Samuel.

He established schools of prophets all over Israel. These were not simply places where people came to learn to prophesy, but they were communities where people lived in covenant, worshipping the Lord and cultivating His presence. These communities were geographical areas where the word of the Lord was manifested and His government reigned. Teaching out of 1 Samuel 19:18 - 24, Apostle Natasha challenged our mindsets concerning prophets and the prophetic. Beverley then taught on the character of prophets and Apostle Natasha finished out the teaching with a challenging word on God's true prophets!

As a house we shut the door on the old patterns, mindsets and wineskins and positioned ourselves in unity to move into God's new wineskin and government for prophetic companies!

Directly after our prophetic seminar we travelled to Polokwane to minister for Khomotso Rapholo at his KINGDOM GOVERNANCE conference.

be set apart from everyone else as God has called us to be! Apostle Natasha taught on Samuel's school of the prophets as a pattern for establishing God's governance in a geographic area.

Apostle Natasha challenged the delegates as to who was designing their future for them in Polokwane. If we are going to dress and behave according to the dictates of the world, then we will have the world that they are designing for us. However, if we want to see God's governance and kingdom established, we are going to have to come out and be separate from the world. We MUST live according to what God and His Word says!

**If you do not
design your
own future,
be sure,
someone else
will!**

Beverley then taught on what holiness is and challenged the young adults to indeed

It was amazing to learn that in 2007 she released a word to Khomotso and his group about a Samuel Company arising. In 2008 they established a Samuel School of the prophets based on this word which has spread through the province even to Venda.

The teaching Apostle Natasha released at this conference affirmed this school and confirmed a word released to us by James Goll in 2006 about a new prophetic movement that would burn north from Johannesburg! AWESOME!

THE HOUSE OF PRAYER FOR THE NATIONS

KINGDOM PRAYER PROTOCOLS

Fire House Pretoria hosted a phenomenal seminar on THE HOUSE OF PRAYER FOR ALL NATIONS! On the first night we were challenged as to the effectiveness of our prayers. If all the Christians in South Africa are praying so much... why do we not see transformation in our nation? Perhaps we need to look at HOW we are praying.

Apostle Natasha taught that when Jesus came to the Temple, He became angry because what He saw there did not look like His Father's House. It resembled Lucifer's house! God's house should look like a house of prayer for nations, and instead there was trading going on in the Gentile court - the only place where the nations could come to worship God. So Jesus makes a whip and drives them out! We need to learn what a house of prayer is according to God. Apostle Natasha taught us that prayer is about judging oneself first and then binding yourself to the Word who is Jesus. Then we are to pray from that perspective.

She also taught out of Isaiah 56:7 that God's house of prayer is for nations. God's house is to be a light to the nations that draws them to God. His house should resound with the sounds and the praise of all nations! Our last session was a testimony to this. As we worshipped the Lord in many languages, even the security guard came to see what was happening! Apostle Natasha stepped into a flow of revelation and taught on accessing the trading floor of heaven for nations. At the end of the seminar, we received the book of THE HOUSE OF PRAYER FOR ALL NATIONS into our stewardship. Apostle Natasha released it into the House and we received a fresh travail of God's heart for the nations!
