Apostle Natasha and myself have been waiting to return to Greece for a long time, but knew that we had to wait for God to open the right door. In May, that door opened as Apostle Natasha was invited to meet with Apostle George Markakis, his wife Evi and their congregation in Athens. His church is not a big group but made up of many nations – Greeks, Russians, Bulgarians, Phillipinos and even Nigerians. The foundation of the ministry is intercession for the nations with a strong connection to Israel (which is unusual in Greece). I found that as I prayed in the church, it felt as if I was standing in a major intersection in the spirit from which all the nations could be reached. As I prayed for people and nations, it seemed like my voice was amplified!

Apostle George is a passionate man - passionate about God, the Kingdom and His people. We saw him administrate in the local church not as a pastor but as an apostle bringing order. On the second night he thanked us for coming and fulfilling prophecy – that others would come from outside and strengthen and encourage them. Under a very powerful anointing he opened the door for Apostle Natasha to the eastern block countries and the rest of Europe. He prayed this release with such authority that we knew the door was now open and would not be shut!

Apostle was given great freedom to minister and she taught excellently touching on a variety of subjects in a simple, yet profound way. In her usual manner, she involved the whole congregation as she dealt with the occultic roots of Athens under Athena and Apollo. She then taught on our marriage covenant with God and the need to divorce all other gods. This was a very intense meeting as many of the women had been divorced in the natural and still carried deep wounds. God, in His wisdom, released a strong healing anointing over these ladies as Apostle used excerpts of the Orthodox marriage vows to illustrate our marriage covenant with God. It was

so wonderful to see the healing that began in their lives as they understood that the Lord still chose to marry them. As a result of this teaching, Apostle was then able to deal with the spirit of Jezebel without any resistance!

A Strategic Door into Europe

By Sharon Peters

After the meetings, we travelled from Athens to Thessaloniki. Kate and Jaap joined us at this point. We had no meetings planned, but put aside time to hear the Lord. We travelled to the old city walls and read aloud from the books of 1st and 2nd Thessalonians and Titus. As we did this, there was an immediate presence of the witness company. For me it was really awesome to be sitting at this strategic place in the natural and receiving instruction from Heaven! What we came to understand was that Paul had a

mandate to establish government within the Church. God had brought us to this specific geographic location to redeem true government from the place where false government had been sent around the world.

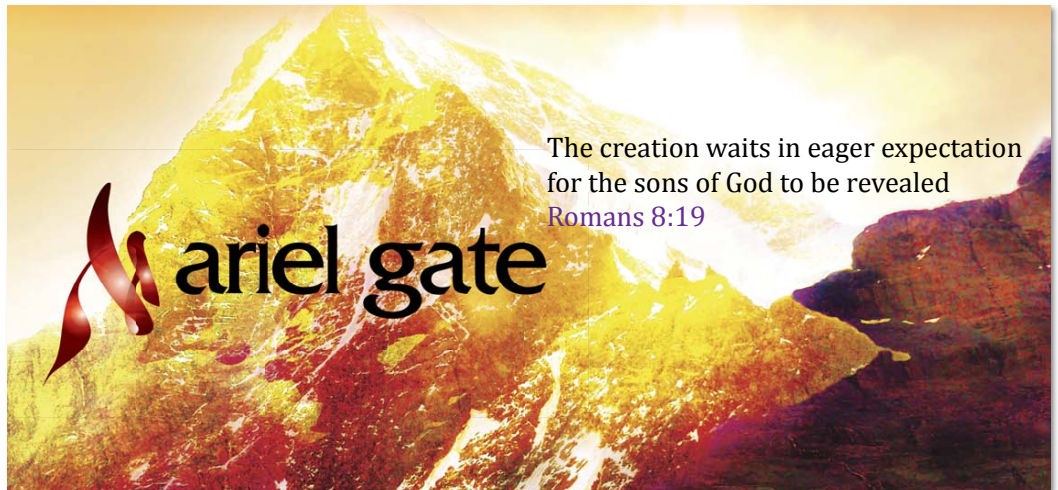

(Remember that the western ideology of democracy was 'birthed' in Greece.) This helped us to understand the burden Apostle Natasha is carrying for the "ecclesia".

In all our meetings we were very aware of the presence of the witness company who are invested in what we were praying and doing. I know this is because Apostle George and his wife have a deep respect for the early Church fathers and have honoured the righteous foundations in their nation. Apostle George shared some incredible revelation with us on the apostolic and really opened up some mysteries to us.

We cannot thank God enough for opening this strategic, apostolic door to us. It was an honour and a privilege to co-labour with Apostle George to see the purposes of God established in Greece. This was an excellent assignment - When God sets things in place at this level you are ruined for anything less!!!

How to take your seat on Mount Zion

Our second Ariel Gate conference in George started with a Kingdom businessmen's dinner. It was well attended and Apostle Natasha gave us an update of her recent meeting in Greece. It set a high standard and Lance continued with his distinctive and detailed style. The

Kingdom Business principles landed deep in the hearts of the men and women that attended, and many started repenting afterwards. We had the mayor of George in attendance with some of her council members. The mayor was given an opportunity to speak and she testified to being saved, confessed that the Lord is her Shepherd, and proclaimed that she wanted righteousness in our city! We were amazed that the mayor asked us as a group of Christians to give our input in municipal issues, and realized that we were given a green light to bring divine order to our local government.

When the conference officially started on the Friday night, our worship met with much resistance. Apostle Natasha stopped everything and took us through repentance for the foundations of George that were rotten. We dealt with issues of corruption, sangomas(witchcraft), Molech, mammon, and the spirit of Rahab.

The next day we continued with much repentance as we soldiered ahead on our road to Zion. We interceded for George and the nation by acting out a march through the streets of George! Our conference was about 4km from a historic missionary church built by Pacalt, one of the first missionaries to the area. We were very aware of the price that missionaries such as Pacalt, Moffat and Murray have paid to lay a foundation for the establishing of the gospel. Our level of

repentance and travail started to deepen as we realized that this is the road to Zion. A righteous fear of God landed that was different to what any of us had yet experienced.

On the last day we saw Emmanuel come in via the east gate of George! Our rotten foundation had been dealt with and made way for the foundation of the Tabernacle of David! We finally felt that we had triumphed and that we had accomplished our mission, we could take our seat in Zion! Although we were only a small group that persevered, we felt that the release and glory that the job was done. Apostle Natasha released a sound of glory as we experienced the reality of Ps 27! The Lord was busy restoring our hearts!

In the 10 days following the conference, George has had the best rain in 18 months! We believe we are seeing the evidence of our travail, and that the drought is broken! Looking back we realize that we have been effective and national doors have started to open! There are CD and DVD recording available of the entire conference for those who would like to share our experience.

Finally we want to thank Apostle Natasha and the Ariel Gate team for their answer to our call in presenting this conference here! Amen !

THE ARIEL GATE GEORGE FIREHOUSE

NEW FROM APOSTLE NATASHA

Apostle Natasha teaches out of the scriptures in Amos 9:11 and Acts 15:16 about the restoration of the Tabernacle of David. Many believe this is a restoration of 24 hour praise and worship, but Apostle Natasha shows us that David's Tabernacle is about Kingdom Government.

God is about to restore His government so that His presence can again be manifest among us and all nations can be drawn to Him. Fresh revelation!
