Wow! It has been a real rollercoaster ride since we last saw everyone at our April convention. We thought we were going to take some time to relax and recover, God had other plans!

Since We Last Spoke...

An Update from the Ariel Gate Office

We visited Healing Wings soon after the convention (see full report on page 2) and that really shifted us into a new mindset. God is looking at the nations. He is wanting us to come out of our own agendas and have His heart for nations and people.

George Barna did a survey in the United States several years ago in which he asked people what they thought the primary role of the church was. 86% of the people polled responded that they believed the church was there to meet their needs. What an indictment against us! I do not believe that Jesus died to meet our needs. He did not die so that we could be happy. He died so that nations, tribes and tongues could be saved and traded out of satan's system of poverty, disease and destruction and into God's House of abundant life.

Apostle Natasha has been teaching on how God's House is to be called a House of Prayer for all the Nations. God gave Moses patterns and protocols so that the nation of Israel would prosper naturally and spiritually and other nations would come to be joined to them and find God. But as we see in Matthew 21, they messed it up. Jesus in fact told them that they had made His Father's house look more like a den of thieves than a house of prayer. I believe we are guilty of the same things today. We have watered down the gospel until it is all about us and not about the nations. But God is getting ready to change that!

It is time for the Kingdom to be established and there are apostles rising in the earth who have a mandate to re-establish order according to what is important to God.

We were just in Colorado Springs with Apostle Robert Henderson to be a part of the birthing of GLOBAL REFORMERS. This is an apostolic network that is lead by Apostle Robert and is going to be a voice of reformation into the earth. We have all heard him teaching on the 7 mountains, but I believe that he is now positioned to begin to call out and raise up those reformers that will do the work of reformation in each of those mountains.

While she was there, Apostle Natasha preached a challenging word on confronting the culture of the day. It is time for each of us to take a long hard look at ourselves and our own 'culture' and ask the Lord if it truly reflects His kingdom culture. Do our lives and our values truly reflect His life and values? If we are going to be representatives of His kingdom in the earth, then we need to ensure that we represent Him accurately and with integrity. This means we need to bring our culture and our values to God and allow Him to redeem and refine them through the blood and the fire until we look like Him. This does not mean that we will all look and act and worship exactly the same, rather we will each show forth the unique attributes of God that He placed within our tribe or nation to His glory!

Blessings... The Ariel Gate Team

❧ A VISIT TO HEALING WINGS ❧

Healing Wings is a Drug Rehabilitation centre that is apostolically aligned with Ariel Gate. Apostle Natasha and Dr Heard recently visited them to see what God is doing among them.

The Drug Rehabilitation Centre for adults in Nelspruit is now firmly established and is being touted as a benchmark institution by the government. They have approximately 85 patients at any time and are seeing many lives healed and transformed through the program. Dr Heard commented that he was very impressed with the spirit of excellence that permeates the whole facility.

They also viewed the new renovated Youth Centre which is due to open in July 2012. This Youth Centre will cater for children 13 - 17 years of age who have substance abuse challenges. The Centre incorporates a school (Purpose College) which forms part of the curriculum for all patients.

Dr Heard spent some time sharing with the leadership team of HWSA and encouraging them in the work they are doing. He also ministered to the patients explaining that all addictions are an attempt to mood alter original pain. He then spoke on how we can find healing for our inner and private pain. Great teaching!

The next day we travelled to Bella Vista in Mozambique. This is where the Drug Rehabilitation centre was birthed before moving to South Africa. In the 9 years that the Rehab operated in

Mozambique, Healing Wings played an important part in the upliftment and transformation of the community of Bella Vista. When Ruth and Acacio arrived there in 2000, Mozambique was listed as the poorest nation on earth and Bella Vista was the poorest area in the nation. It is a testimony to the faithfulness of God and the perseverance of Healing Wings to see that area today. Ladies are operating their own self-sustaining beading operation which sells jewelry and ornaments locally and into South Africa. The men of the community are employed in the fields and have been trained in agriculture and cattle farming. The children are cared for and fed each day at a kindergarten. Soup Kitchens operate that feed the prisoners, hospital patients and residents in Bella Vista on a daily basis. An orphanage has been built and Healing Wings has adopted 3 orphans themselves. They have just

started a large Tilapia project on the lands as well as a goat project in nearby Machangulu.

Dr Heard's comment was that he has never seen a missions project such as this which is transforming the community AND is self-sustaining. He believes it is a kingdom model for missions and is excited to see it implemented in other nations. More than anything we were impacted by the passion and vision that Acacio has to see the nation changed and transformed for Jesus. What a privilege to be aligned with people who continually challenge us to be all that Jesus made us to be!

NEW ... FROM APOSTLE NATASHA

We are in a window of time where God is looking for the ONE NEW MAN in Christ Jesus. Apostle Natasha teaches on how we become one man in Christ. She lays out the challenges of individuality and arrogance that will be obstacles to this unity. In her unique way, she encourages us to lay down our own 'stuff' that we may be found in Him, as part of the One New Man in Christ Jesus.
