We always think that a journey has a definite starting point and an ending point. We like to move from A to B in a straight line, but it seems that God moves in circles. He is always moving forward, but it is in circular motion instead of straight lines. That is why, every few years, you feel like you have come back to something that you have dealt with before. The reason that God has brought you 'back' to it, is so that He can do a deeper work in you regarding the same issue. So although you are back at the same issue, it is on a new level. The same applies to teaching. We receive revelation on one level and then years later, God revisits that revelation and builds on it.

We find ourselves in such a place at the beginning of 2011. God seems to be calling us back to the basics of prayer again. What are we praying? How are we praying? And most importantly - why are we praying? It is significant that we are intercessors and God is wanting to teach us again about prayer. He has taken us back to an important teaching that Wesley Campbell gave us back in 2002 - **Praying the Bible** (available on DVD).

This message emphasizes that God's pattern for prayer is (and always has been) that we pray the scriptures. We meditate on them and then pray them back to God with understanding. But the modern church has not been taught this prayer model. We think prayer is about praying **what** we want and in the **way** we want. I believe that God has had enough of

listening to our selfish prayers. Most of it is based in our own wants and is based on me, myself and I. Oh yes, we are praying a lot, but what is the motivation of our hearts. Is it really about Him or is it about me? **My** freedom from curses, **my** blessings, **my** prosperity, **my** destiny? Are we praying as part of a corporate body or is our time taken up with spiritual wanderings that allow the individual to feel important?

God is looking for a Bride that will share His heart and pray that which is on His heart. God is looking for Davids - those who are after HIS heart. Yet for many of us, we do not even know what that is. The best place to find out is to go back to His Word. Apostle Natasha challenged us to pray Psalm 84 in our meetings - many of us really struggled to simply pray this scripture. But as we practiced and prayed together, God began to show us His heart through this scripture and were able to pray in alignment. (I recommend that you get a copy of this meeting - Praying Psalm 84.) Revelation and instruction for NOW flowed as we prayed this scripture back to God.

Some people will say, "But this is such an old message, I did all that when I heard it 10 years ago." We may have heard it before, but God is revisiting this teaching with new emphasis and fresh revelation. In this season, we must pray God's heart and repent for our selfish, individual attitudes in prayer. God is looking for a corporate body who can move as one. If you have not heard Frans Joubert's teaching on the corporate body - you need to get it! (Building the

Wesley's testimony on his struggle to pray and how God taught him to pray the Bible. You will laugh as you are convicted and challenged by God!

House of God) The day of the individual is over, you must be a living stone built into the wall of a HOUSE.

2011 is a pivotal year. God is moving globally to align and position His sons in their Kingdom mandates. If we miss God now and fail to find our place in His plan, we will disqualify ourselves from future Kingdom assignments. We need strategy and instruction for the year ahead, but it is going to flow out of a place of humility and alignment with His Word and His heart.
