Our 7th Ariel Gate convention was challenging, exciting, stretching, glorious and intense! Many of those who attended felt that they had been apostolically repositioned and commissioned into a new era in God. We truly crossed over!

What an honour to have Dr John Kelly (AKA The Godfather) and Dr Richard Heard (AKA The Father) BOTH at our convention. Their respective mantles brought a tremendous spiritual authority into the House which corrected and aligned us with God's Kingdom objectives in this hour. Together with Apostle Robert Henderson and Apostle Natasha, they brought excellent teachings and impartation regarding God's heart for the House of David. Every session was solid instruction and we have received strong meat on which to feast for the next months. Here is an overview of the messages! All are available on Cd and DVD from our offices.

BECOMING THE HOUSE OF DAVID - NATASHA GRBICH

Apostle Natasha explained we are moving into a time where we are finally understanding who we are and standing up to be who God called us to be.

However, we cannot move into this new place without honouring those who went before us. God is a multi-generational God and our name and message must fit into the generations before and after us. She emphasized the importance of honouring those who went before us and taught on the importance of the elders in the church. At the conclusion of the message, she asked the elders in the congregation to take their seats of authority in the House.

THE APOSTOLIC COMMISSION - BEVERLEY WATKINS

This is an overview of apostolic commissions as part of God's government and how one is to align with it. Beverley also explores the role of prophets in an apostolic house and the protocols of working with apostles in this era of the Kingdom.

DAVID, THE PROTOTYPE - DR JOHN KELLY

If we are wanting to be a part of the House of David, we need to grasp who and what type of man David was. In this insightful message, Dr Kelly unpacks the life of David and deals a death blow to the religious picture of David that many of us have carried. As you listen, you will receive a fresh vision of this young warrior and gain understanding into the processes of God that directed his life.

DEVELOPING A CULTURE OF HONOUR - ROBERT HENDERSON

This is a life-changing message that needs to be heard by EVERYONE! Apostle Robert teaches on the culture of honour - what is honour, why we need it and how we live it. This message is a foundational teaching for every person, church and organization that wants to build according to God's pattern.

THE ENVIRONMENT AND ATMOSPHERE OF HEAVEN - DR JOHN KELLY

Awesome message exhorting the Body of Christ to find God in the secret place. Dr Kelly explains that it is in the secret place that God shares His heart with us and we can become pregnant with His plans and purposes. He then teaches how to ascend the stairs into the atmosphere of Heaven and releases an impartation to go and do it!

MISSIONS - DR RICHARD HEARD

Dr Heard passionately exhorts us to remember the central purpose of the apostolic movement is missions. We are never to become so self-consumed with what we are doing that we lose sight of the reason we are doing it! This message will make you laugh and cry and it will realign you with the central issue of the Father's Heart - His love for mankind!

DON'T PASS ON THE PASSOVER - DR RICHARD HEARD
Passover launched Israel into something new, something they had never experienced. God made everything new all at one time. And Passover is a shadow of Easter - the death and resurrection of Jesus. If passover was the shadow, what should the reality do in our life? Dr Heard teaches on the meaning of Passover and how its application today will shift us into the new thing that God is doing!

THE HEBREW - ROBERT HENDERSON

Abraham was a man who knew how to 'pass over'. In fact, God even called him a Hebrew - one who had crossed over! Drawing from the life of Abraham, Apostle Robert teaches on the blessings of being a Hebrew (one who has crossed over) and how to become one!

THE SACRIFICE OF WORSHIP - DR RICHARD HEARD

Dr Heard teaches on the significance of altars and the sacrifices offered on them. Sacrifices are meant to be our worship - the moment we call our sacrifice a sacrifice, it stops being worship! This is a heart stirring message that will convict and cause us to return to God's patterns for worship.

WORLD WAR - DR JOHN KELLY

Dr Kelly issues a loud and clear call to arms. He explains that apostles are called for war and it is the nature of who they are - they love what God loves and hate what He hates. In this hour, the apostles (the generals) are taking us to war against the enemies of God. In his intimate style, Dr Kelly teaches on the nature of war, the enemies that we face and how we are to overcome!

THE MEASUREMENT OF RULERSHIP - ROBERT HENDERSON

Excellent teaching on spheres of influence and measurement of rule. We need spiritual authority to accomplish what God has called us to do. In order to have it, we need to determine our rank, our measure of rule and also know how to increase it. Practical teaching and instruction for kingdom building!

We want to thank God for this awesome convention - His faithfulness knows no bounds! And we want to thank all of you who came and were a part of it and those who prayed, fasted and gave of your time and resources to see God's plans established. We honour you as soldiers in this mighty army of God. Until the next time....

Blessings
