I am convinced that we have never been in a season like the one we have just entered. Everything has changed and you should be feeling that in the spirit. We CANNOT continue with life as usual. If we do, we run the risk of missing God's best in this time.

Ian Clayton was telling me that he believes that 9-9-9 (9 September 2009) up to 12-12-12 marked a turning point in God's calendar that is significant for us. Kate and I were in Houston, Texas for the 9-9-9 conference being hosted by Pastor Matthew Bismark. I spoke to the intercessors about the need to build on the prayers of those who had gone before. Whatever these saints of old prayed while in our regions – those prayers still have a voice before the throne of God and we need to get in agreement with them. While ministering, I was reminded that William Seymour had lived in Houston before the Azusa Street Revival. We reminded the Lord of all of his prayers and joined our voice to his. It was a very powerful time.

The Lord also allowed us defeat some significant plans of the enemy for the nation of America while we were there. When we were at the airport, about to leave the USA – Kate had a vision in which William Seymour come up to me and handed me a scroll with the Strong's number 1293. This is the word 'berakah' which means blessing, benefit or peace. I was moved to tears by this! I have never had one of the cloud of witnesses bless me before for the work I did while in a city. This got me thinking. The saints that have gone before are still very much interested in what is happening on earth. Those who laboured in our cities are still labouring – just from the other side. We have always been aware of this, we know that John G Lake and Andrew Murray are at our convention each year – they are still invested in South Africa. But this felt like a whole new level to me.

Hebrews 11: 39 – 40 says, “*and all these, having obtained a good testimony through faith, did not receive the promise, God having provided something better for us, **that they should not be made perfect apart from us.***” The cloud of witnesses, the saints that have gone before – cannot be made perfect, they cannot receive the promise APART FROM US! They are waiting for us! This is why we are surrounded by the cloud of witnesses (Hebrews 12:1), they want to know what we are doing. They want us to get a move on with God's agenda so that we can all be made perfect TOGETHER!

We are one body – some are on earth and some are in heaven. We must learn to work together! The saints are ready. They are coming to bring their mantles to help us. Their mantles speak of their anointing and their revelation. (I did a complete teaching on what a mantle is at the Blood and Glory School, I recommend that you get it!). James Goll preached a message a few years ago about the **Convergence of the Age** when all the mantles and prayers of all time would begin to flow together in an end-time move. I believe that we are beginning to see that happen. About the same time, Pastor Tim Carscadden (Shreveport) prophesied this to me:

I saw like a trapdoor – it is not a trap door, but there is a door in your back. And I saw the cloud of witnesses go in and I felt like that they were going to be the wind behind you. It would just literally open up and they went in and so I felt like there was an impartation of that – I don't know what that means- but it was right here in the middle of your back. And I felt like when you go out, they go with you. The door, it opens and closes, and so it is a coming and going and there is an entryway and an exit way. (9 June 2004)

Hebrews tells us that we are in a race. We must not be ignorant, this is a relay race. This is a team race in which each team member participates in only a set part of the race and is then relieved by another member of the team. If you thought your race was all about you winning – you are wrong! It is a team event where many others have already participated to get you where you are today. Martin Luther, Aimee Semple McPherson, Smith Wigglesworth, William Seymour, David, Gideon, Elisha and many other that we do not even know their names. Each person gave their life in their allotted time and fulfilled their part.

It is now our time. I feel as if we are about to be handed the baton and all of heaven is watching and praying that we will 'do our part'. As you know, in order to receive a baton in a relay race, the receiving person needs to begin running to get to the same speed as the person who is handing it off. I believe we are going to see an increase in activity from the saints as they encourage us to "*lay aside every weight, and the sin which so easily ensnares us, and let us run with endurance the race that is set before us,*" Hebrews 12:1

They are wanting to hand us their baton. If we will not run, then will they need to wait for another generation who is prepared to run with them?

It is time to re-look at what we are doing. Do the programmes, conferences and meetings that we hold capture the attention of heaven or are they just an earth show? Are our prayers and prophetic actions bearing tangible fruit or are we simply keeping ourselves busy? We need to evaluate our ministries and churches from a heavenly perspective and not an earthly one. As I said in the beginning, everything has changed and we need to change with it!

Blessings

Apostle Natasha
