ETHSA

May 2008

We have just finished our 3:13 Africa convention and it was awesome.

We were positioned in the gate and given instruction for this new season. Every speaker ministered powerfully, the worship took us into heaven to do business and we know that we have moved into a new dispensation. (Check out the convention report for a summation on each of the messages.)

As incredible as this time was, we cannot live here. We positioned ourselves at the gate so that we might move through it and take the land allotted to us. This was confirmed in a prophetic word given by Frans Joubert on 7 May 2008.

"We are standing in front of a gate and stuff has not completely landed yet. Then I see that we are busy crossing the Jordan. We have entered a new dispensation and now we are crossing. Then the Lord said to me that in crossing this Jordan, we must be careful not to be caught up in the waters of the Jordan. So He said to me that He is busy pouring out His Spirit as a sign that we have entered into a new dispensation and things are happening that people would say have not happened yet. But that is just crossing the water - that is just God announcing we are now in the new dispensation. But what He said to me is that what He is bringing in this new dispensation is too holy to handle with our hands in the condition that we are in right now. So the next period is one of cleansing and circumcision."

The Lord said there is going to be a release of His presence more to the end of the year after this time

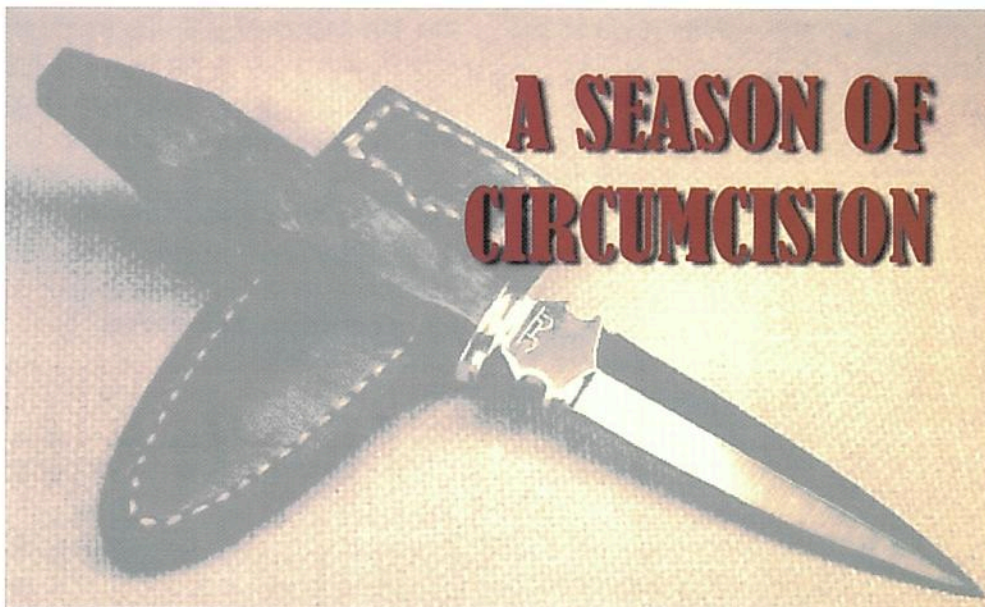

of cleansing, like we have never ever experienced in our lives. And a release of revelation like we have never seen. But first of all it is a time of cleaning." (The full message from this Wednesday meeting including this prophetic word is available from our office.)

At the beginning of the

year, God spoke to us out of Leviticus 8:23 about standing in the door for seven days. This was a sign of the ordination of a new priesthood for a new dispensation. We prophetically positioned ourselves in this door or gate for seven days. 2008 is the 8th day on which the priests come out of the tabernacle and are presented in the gate. This presentation was made at our 3:13 convention - Presenting the Son in the Gate.

But this is not the end. We should not think that we have 'arrived'. God will keep moving. It is our responsibility to ensure that we equip ourselves and are ready to move when He does. When the Israelites were in the desert, God gave them the physical sign of the cloud of His Presence to lead them. When the cloud was standing still, it was a sign that God was not moving. I believe that He was waiting for them to deal with an issue and prepare for the journey.

When God / the cloud began to move, Moses shouted, "Let God arise and let His enemies be scattered." This was not a warning to the enemies of Israel. It was to the Israelites themselves - Moses was telling all those who did not want to move with

God, that they would be regarded as enemies and would be scattered. It is the same today. When we enter a season where God does not appear to be moving, it is because we are meant to be dealing with something. It is our time to change our mind and line up with God so that when He starts to move, we are ready.

There are always places in us that do not want to move. We like things the way they have always been. We are slow to embrace new technology because it requires a cutting off of something we are comfortable with and requires discipline to learn something new. So we hold on to things that we have outgrown, things from the last season. Ladies, just look at your wardrobe - we keep a pair of jeans from years ago because they were so comfortable and ONE DAY, I will fit into them again! But God is always changing and His pace is very fast.

**New seasons
necessitate
change.**

New seasons necessitate change. This principle is clearly portrayed in scripture. When the Israelites

entered the promised land, the first thing that God commanded was that the men were to be circumcised at Gilgal. Why? This is an outward sign that marked them as His people and sent the message that their seed belonged to the Lord. All their generations after them would belong to the Lord. **Circumcision is about cutting off your flesh in order to guarantee your future life to God.** It is the same for us. We need to be circumcised in our hearts. The flesh needs to be cut away as a sign that our future belongs to the Lord.

It is interesting to note that Hebrew boys were commanded to be circumcised on the 8th day after their birth. There is medical proof that the child will bleed less if it is done on the 8th day.

"One reason why there are so few complications involving bleeding may be that the major clotting agents, prothrombin and vitamin K, do not reach peak levels in the blood until the eighth day of life. Prothrombin levels are normal at birth, drop to very low levels in the next few days, and return to normal at the end of the first week. One study showed that by the eighth day, prothrombin levels reach 110

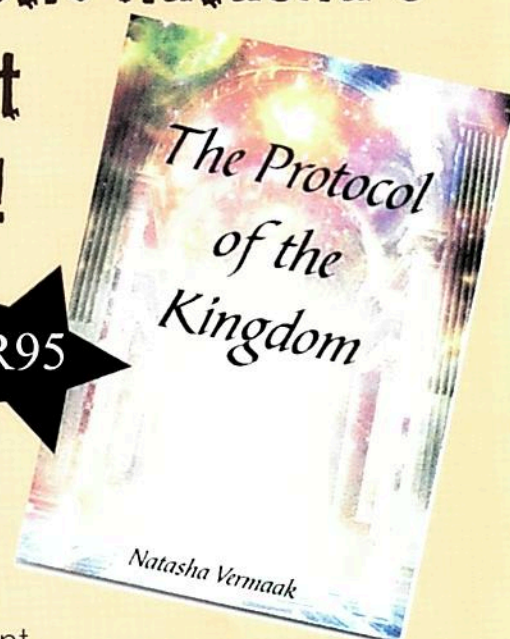

percent of normal. In the words of Dr. Armand J. Quick, author of several works on the control of bleeding, "It hardly seems accidental that the rite of circumcision was postponed until the eighth day by the Mosaic law."

In light of the prophetic word brought to us at our last Wednesday meeting, God is saying that we are entering a time of circumcision. This is a preparation for entering into the land of promise. It is time to yield to the knife of God. Allow Him to cut away the flesh and mark us. This can be extremely painful, but it is the 8th day and God has made provision for this procedure. If we align with His timing, we will not bleed excessively! If we try to bypass it or fight him, it will be more painful in the end.

This is an appointed time. Allow God to cut our flesh and heal us. When He is satisfied, we will move from this place to take land and kill giants. It is the season for circumcision! No circumcision, no land, no giants!

Apostle Natasha's latest book!

R95

We are pre-destined and ordained to represent God's Kingdom here on earth. Jesus was the first ambassador and we are called to be like Him.

Kingdoms and governments are waiting to hear from Heaven's delegated ambassadors, but how many are ready to take up their positions?

Extensive protocol training is needed and this important book will help you take the first steps.

THE BAR MITZVAH

Natasha Vermaak

THE HEAVENS BELONG TO THE HIGHEST BIDDER

Adeyemi Adefarasin

Speaking out of 2 Kings 3, Apostle Yemi challenges us all to make a fresh sacrifice and covenant with the Lord. God's enemies are ready to make whatever sacrifice is needed in order to ensure victory for their King. What kind of sacrifice are we ready to make for ours?

KINGDOM-LOGY 1 - ORDER

KINGDOM-LOGY 2 - DIRECTING KINGDOM AFFAIRS - Tudor Bismark

Society shifts every four years and the church only shifts every 20 years. It is time for us to move! We need 'shift readers' who can understand the shift that will take place and prepare solutions for it before it happens. God wants us to become 'futurists' that design the future according to His pattern.

GOD WORKING WITH GOD - Chichi Bismark

Christians are under-empowered because we do not know our God. We have not grasped that we carry God on the inside of us and are meant to portray who He is in the earth. Bishop Chichi challenges the spirits of tradition and religion in this 'in your face' message.
