THE FIRST SHALL BE LAST AND THE LAST SHALL BE FIRST

Welcome to the new prophetic year 5767. Chuck Pierce calls it The Year of the Sword. The sword is about a word of judgement over the nations (Revelation 16). We believe that the Lamb has begun to speak in South Africa about the Khoi People.

It is the Lamb who reads the scrolls and at Rosh Hashanah this year we feel as though we have witnessed the reading of the scroll for the destiny of the Khoi people. This will have a huge impact on the other tribes and tongues of South Africa and consequently the continent.

Let me explain, in 1999 we released the Moravian baton of intercession to the Khoi people which created an awareness of their identity and destiny in God. With this release, history was literally written. The Khoi people became the 12th official tribe of the nation. Saartjie Baartman was returned to South Africa by the French. Khoi parliamentarians were given seats in government. And now ...

THE FIRST SHALL BE LAST AND THE LAST SHALL BE FIRST!

On 15 September 2006 saw an engagement of one of our staff at Kirstenbosch (Garden of Christ) Botanical Gardens in Cape Town and the keys of our NEW HOUSE were given on the same day.

One week later – Friday, 22 September began Rosh Hashanah (Jewish New Year) with the opening of the gates in Citrusdal at our annual Cape Convention. The theme was "Redeeming the African Bride at the Southern Gate" with Ruth 4 as the scripture reference. (See the full report on next page.) That same weekend an elderly lady of 89 received her "land" in Kirstenbosch – it was all over the news! A co-incidence? I think not. Also on that same weekend 10 sangomas went to the Gariiep Dam and 8 were drowned when they did not heed the warning that the sluice gates were opening!

What was this all about? God was merely manifesting and demonstrating the word He has given us for the next season – Ruth 4. This scripture is as much about getting engaged to the Redeemer as it is about receiving LAND!

On Monday, 25 September, Thabo Mbeki (our president) publicly mentioned the Khoi influence in South Africa and invited their input. It was not by chance that I was on my way to George to minister at the launch of the First Khoi Heritage Foundation that weekend.

On Saturday, 30 October, I was able by the grace of God, to open up the purpose, prophetic moulding and destiny of the Khoi Tribe. This people have purposely been positioned in the Southern Garden of the continent of Africa. Over hundreds of years, God has created them as a perfume – made up of all the spices of the nations. It is their time to break their alabaster box on the feet of Jesus so that the fragrance of their intercession can be smelt throughout Africa. (The full message can be ordered from our office.)

The rest was history! The next day when Apostle August Joseph Jantjies was commissioned as an apostle, people in the congregation literally began to remember the sound of their original language – for some it was a long forgotten tongue, for others they had never even heard it before.

It was incredible to see a literal, physical manifestation of bone coming to bone as Pastor Naat released the words and the sounds of the Khoi. The sound of the language almost jerked the skeleton of the Khoi people into a 'revival' of thanksgiving and realisation that they were in fact Khoi and that this was actually not just a good thing, but a great honour.

We have since heard reports that the George public library has been 'overrun' with Khoi people researching their roots now that they have discovered the exciting destiny they have in God!

We are privileged to live in the days when scrolls for nations, tribes and tongues are being opened and read so that we can all enter into our destiny and stand in our place on the sea of glass before the throne.

CAPE TOWN CONVENTION 2006

REDEEMING THE AFRICAN BRIDE AT THE SOUTHERN GATE

How do we adequately thank all those who stood with us over this weekend? We were so blessed to have people arriving already prepared for the conference because they had heard from God. Many people came to receive from the Lord but they also came to contribute in an extravagant way.

Apostle Natasha ministered outstandingly well at all of the sessions. Having just come back from conferences in the USA, she shared some of the new revelation stirring in her spirit. She dealt with evil hearts of unbelief that stop us from receiving from the Lord. There was an excellent teaching on cleansing our spiritual wombs and setting them aside for God's purposes only! Sharon Peters (our Cape Town Representative) challenged us as she shared the context of the conference from Ruth 4. As the conference was over the Feast of Rosh Hashanah, Apostle Natasha taught the spiritual significance of this feast and we celebrated crossing into the New Year – 5767. The presence of God drew us into an intimate time with Jesus as we prepared to redeem the African Bride. Much of the language Jesus used in the New Testament is bridal language and Apostle Natasha released incredible revelation that showed us that we are actually engaged to Jesus. In the light of this revelation we were able to stand at the Southern Gate and redeem the African Bride to Him. Pastor Peter Fischer rounded out our time together with an exhortation to now stand in our place as the Bride and accept our new responsibilities.

The times of worship and prophetic praise were incredible and our theme song for the conference was an old Moravian hymn written in the 18th century – Lift Up Your Heads. Imagine our delight to discover that a Moravian community above Kirstenbosch received their title deeds on Sunday, 24 September 2006 to property they had lost under the "group areas act". We were on time!

In the build up to the conference we had spend much time crying out to God for national representation. It was amazing to see the different folk who arrived. We were able stand in the gates and present so many nations to the Lord. On Saturday morning (23 September) Tabitha stood for the Xhosa people. She repented for the witchcraft that is practiced and especially the circumcision rites which are covenants with the seed and the land. On that same weekend there was a report of 8 sangomas that were drowned at Gariëp Dam while performing these very rituals!

People were able to leave the weekend re-envisioned for Kingdom intercession. I believe that a ten year cycle of resistance has been broken and that we will see remarkable fruit released in the days ahead. As we are willing to be instructed and trained there will not be the casualties of the past but rather something lasting established for the Kingdom.

GEORGE REPORT

LAUNCH OF 1ST KHOI PRAYER NETWORK

At our 1999 Africa Convention, Apostle Natasha handed the Moravian baton of intercession to the Khoi people. This baton of 24/7 intercession had been brought to South Africa by George Schmidt in 1737 from Hernhuth, Germany. Schmidt built a mission station at Genadendal and ministered to the Khoi people who inhabited the land at that stage. 7 years later, the Dutch reformed Church shut this mission station down and the work stopped.

In 1999, Apostle Natasha and a team of intercessors went to Genadendal and redeemed this baton of intercession which she then handed to the Khoi people at our 1999 Africa convention. (Message available on DVD)

In October 2006, Apostle Natasha traveled to George to help launch the first Khoi prayer network. She ministered a phenomenal message laying out the destiny of the Khoi people and their place on the sea of glass. The message carries a key for unlocking the destiny of this people group who carry an anointing to bring healing to all the tribes and tongues of this continent, Africa. This important message was received amidst much jubilation, dancing and many tears. As they took their place on the sea of glass and accepted God's plan for them – a nation truly was born in a day!

This message will be available from our offices and we STRONGLY recommend that all intercessors hear it as the understanding and birthing of destinies of nations and tribes is central to the mandate of Kingdom intercession.

USA SEPTEMBER 2006

WASHINGTON, DC

Training Elijahs to be Elishas... this was the theme of the conference in Washington, DC that Apostle Natasha was invited to by Morris Cerullo Ministries. Dr Cerullo wanted to impart his mantle to hand-picked recipients from across the world. On 4 September, just days before his 75th birthday, Morris Cerullo conferred an Abrahamic blessing on the "Elishas" present and anointed them to receive his mantle. What an honour to receive this mantle and be entrusted to hand it to further Elishas!

LEGISLATING IN THE HEAVENLIES PREPARE YOUR CASE

With Apostle Natasha Vermaak

24 - 26 Nov 2006, Good News Convention Centre, Muldersdrift

We need people to interpret and administrate the will of God on earth as it is in heaven. To do this, we need to know how to enter the spirit realm in prayer and operate effectively there. **Legislating in the Heavens - Preparing Your Case** will equip kingdom pioneers in the protocol of standing in the counsel of heaven to see and hear the Word of God (Jeremiah 23:18) and also how to administrate that word in prayer so that it can be manifested in the earth.

SPOKANE, WASHINGTON

Apostle Natasha then traveled to Spokane, Washington to attend the 8th conference being held at the Healing Rooms that were originally started by John G Lake. Bill Johnson preached an incredible word on "Breaking Out of Cycles of Loss". It was encouraging to hear the testimonies and the challenge to press into God so that we may be healed to go and heal nations!

COEUR D'ALENE

This is a small town just across the stateline in Idaho. Apostle Natasha visited a church, the Gateway, where they have had glory manifestations and unusual miracles. We were encouraged that one of the lead pastors, Kari Browning carries a burden for South Africa and is coming soon to be with us!
