November 2007

2008 WILL BE THE YEAR OF THE GATE!

After this year's conference in April it feels like we have not stopped advancing! This last convention felt like a watershed – we have moved on from convention 12 to a place of real growth and maturity, looking ever upwards.

The growth in the ministry has been unprecedented. Since the April convention we have been inundated with requests for apostolic oversight from ministries, churches, prayer groups and businessmen. Many people wanting to know how they can connect with Ariel Gate on a more formal basis. In light of this, much of the year has been spent attempting to formalise protocols and procedures for apostolic covering and partnering with us. We held three Leader's Impartation Meetings so that our existing regional and national leaders could contribute to this process. We have seen a huge acceleration of revelation concerning the mandate of Ariel Gate and these meetings also served to keep our leaders up to speed with all that God is releasing.

This year's Kingdom Intercession Schools went on to include Generational Curses and Blessings – a phenomenal school that took place over the 07/07/07 weekend. In Cape Town we presented the Travailing Intercession school to sow into the foundation of intercession in the city instead of a general conference event. This school was marked by fresh revelation concerning the need to be overshadowed by God. The CD's are highly recommended.

Our first Zambia convention marked the beginning of a revelation God released on pitching a tent. These messages were a real challenge to the church in Zambia and indeed to all serious intercessors. The Orange Free State began to show its colours – the

Moolmanshoek conference brought in locals and farmers who are serious to fulfil their callings and destinies. (See reports on page 2) The Limpopo region keeps growing – and relationships are being forged – many local pastors are being fed and given direction.

The hunger for the Lord in our central core is so amazing! No one is happy to camp in the last place of revelation, which was evidenced in our 40 day fast as a ministry. I really so appreciate all of those that joined in with us – I don't really want to say thank you, because that is just the heart of everyone to push to the next level – and it is wonderful to see and watch how really desperate we have all become.

Now it shall come to pass in the latter days that the mountain of the Lord's house shall be established on the top of the mountains.....Many people shall come and say, Come, let us go up to the mountain of the Lord, to the House of the God of Jacob.
Isaiah 2:2-3

So here we go – 2008 – we crossed that threshold at Rosh Ha Shanah and by the time I was in the USA in September – the Lord was clearly speaking about new technology from heaven. Every time we enter into a new season the technocrats invent new technology. The old technology from the last season now goes on sale – and it is cheaper to buy TV's and HiFi's and cellphones after they have been released into the market for a while. It is the same in the spirit. New technology, new cutting edge revelation is always expensive if you are the first to get it. But you can always wait, get it cheaper when the Chinese or the Koreans have copied it and everyone knows about it. It is cheap but it is also LATE.

Out and About...The latest news from our travels!

1st ZAMBIA CONVENTION

"So I sought for a man among them who would make a wall and stand in the gap before Me on behalf of the land, that I should not destroy it" Ezekiel 22:30

This was our first visit to Zambia since 2004 when we visited this nation with Dr Gwen Shaw. How encouraging to see that the intercessors are still standing in unity from several different churches to see God's redemptive purpose for their nation come to fullness. We understand that Zambia's redemptive purpose is to birth leadership for the African continent and there is a desperate need for these leaders to be raised right now! The urgency we felt in the spirit concerning this was carried throughout the conference as Apostle Natasha challenged us all to line up with God's agenda for the nation.

Pastors repenting in Zambia

At the very first session Apostle Natasha explained that the context of the Ezekiel 33:20 theme was that God was getting ready to judge the nation and He was looking for someone who would be prepared to make the sacrifice, build a wall and stand in the gap. She preached an excellent message on what does it mean to build a wall and why we should. This meeting ended in a time of extended repentance on behalf of church leaders and Christians in the nation.

After this repentance, the intercessors were able to birth the prophetic destiny of Zambia. Apostle Natasha taught from Exodus 33 where Moses moved his tent outside the camp to wait for God. She challenged the intercessors and pastors to consider moving their tent outside the camp so that they could conceive the purposes and strategies of God for their nation. This whole conference was a challenge to intercessors who want to stand in the gap for their nation. She explains that this does not mean just praying nice prayers for your country, but rather being prepared to make foundational changes in your own life so that God can have His way and use your life to build His purposes.

KINGDOM NDABA - Zimbabwe Heaven on Earth

Everyone agreed that Bishop Bismark's 2007 conference was the best it has ever been! The auditorium was completely packed out every night and even the overflow rooms could not contain all the people who wanted to be a part of this historic event. We believe that this conference shifted the whole continent into a new level. For those who have an ear to hear - God is talking to Africa!

Every message built on the next and released strategy for the new dimension God is taking us into. Pastor ChiChi's message on Influencing the Heavens is a must-have. Bishop Bismark's message on super-spirits gives insight into the new heavenly realms that God wants to take us into. Bishop Mensa Otabil's series on The Making of a King needs to be heard by everyone. This is a wisdom-filled NOW word for the body of Christ that we need to ensure that we do not disqualify ourselves in the next season! Dr Samuel Chand taught on leadership and ladder-holders. We highly recommend these messages.

Bishop Eddie Long's message entitled "We will be Like God" was excellent. This is a call for the Davids to stand together and begin to be like God according to Zechariah 12:8. This is that day that the prophet's spoke of and Bishop Long releases a powerful apostolic decree that shifts the continent to a new level.

1st FREE STATE CONVENTION

People came from all across the Free State to attend our first Free State conference from 24 - 26 August 2007 - *I am the Bread of Life John 6:48*.

Apostle Natasha spoke about the Free State being called the breadbasket of the nation that is called to feed the continent. Bethlehem, a large town in the Free State, means 'House of Bread' and so Apostle Natasha began to prophetically call forth the sons of bread! For many years the people of this province felt that everything was happening elsewhere in the country and the Free State was being left behind. Jesus came from an obscure place and the sons of the House of Bread can also come from an insignificant place, we just have to call them forth.

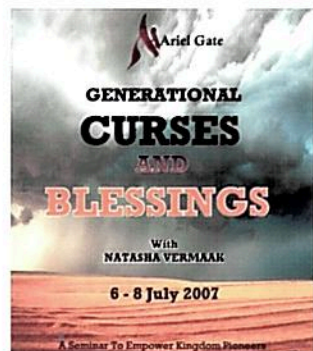

The sons must be administrators of the Kingdom of God, but to take up that place we need to submit to the process of maturity. God is looking for people who will submit to the processes of God that will lead us to maturity and sonship. Too often we short circuit the plans of God because we want quick answers and do not want to walk through the tough times.

All through the weekend, in every message and in all the prayer and prophetic word, God was challenging us - are we ready to be sons? Are we ready to lay aside our own agendas and seek first God's heart and his way?

Ariel Gate Prayer Schools

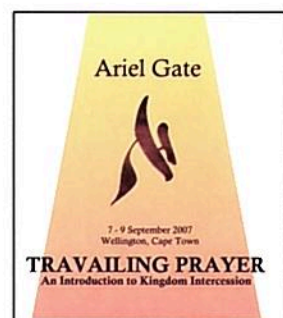

Generational Curses and Blessings

Our 3rd prayer school was a huge success. Apostle Natasha taught us that if we can deal with our own sin, we can save a nation. This school gives understanding of what generational sin is, why we need to deal with it and where do we begin. We did a powerful example of repentance prayer for the Zulu and

Xhosa bloodlines. We also released some of the spiritual mantles of these tribes.

Apostle Natasha teaches on administrating in bloodline prayer and on working with seers. There is an excellent impartation for seers in this message.

Travailing Prayer Cape Town

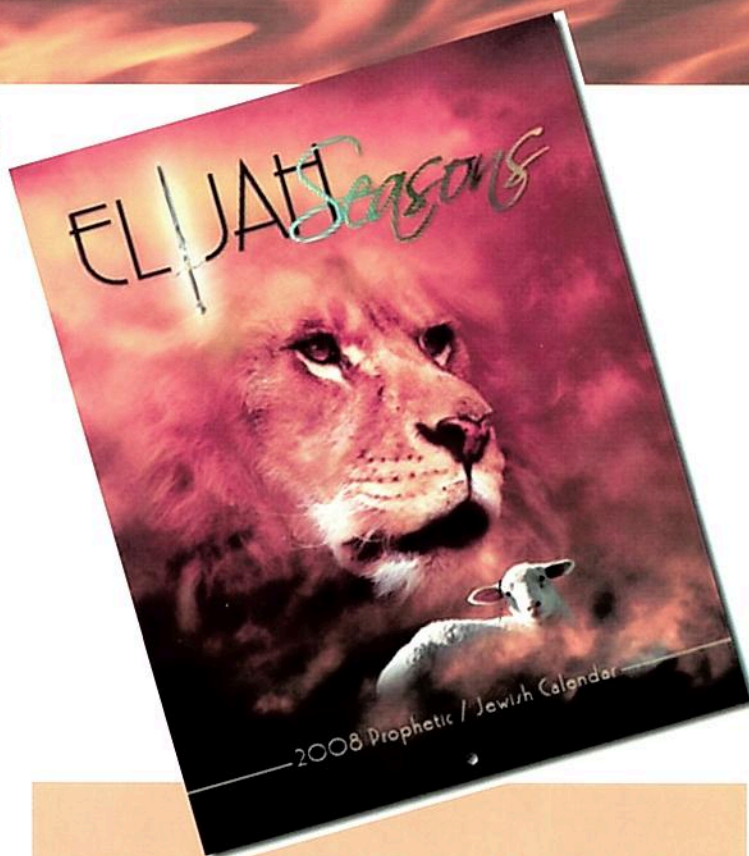

Our 2nd Travailing Prayer school was INCREDIBLE! It always amazes me how Apostle Natasha can present the same material with a different prophetic flavour for every city and season. The school was a clarion call to those who truly want to be

KINGDOM intercessors. God was serious! He is looking for a company of people who are prepared to lay down their own agendas and pray the things on God's heart. We spent much time in repentance and aligning with God's heart before we could even begin to learn about travail.

Apostle Natasha taught on the scriptural basis and practice of travail as a dimension of kingdom intercession. Out of this place, she began to share from Exodus 33 about the tent that Moses pitched outside the camp so that he could wait on God. He refused to go into the promised land without God. He decided to pitch a tabernacle like the one he had experienced in heaven during his first 40 day fast. He probably waited 40 more days in this tent during which he saw God's glory. Then God invited him up the mountain for a 2nd time. It was during this 2nd 40 day fast that he was given the blueprints for building the tabernacle on earth.

God was challenging us as to whether we are prepared to pitch a tent outside the camp and prepare a place for God to meet with us. God needs an earthly tent to do business in. He is looking for kingdom intercessors who are mature and have the ability to meet with God, pray the things on His heart and receive the blueprints for His kingdom on earth. Are you ready to pitch a tent?

We are going up to the mountain of the Lord to the House – because new technology has just been released to access the gate in 2008! Those that are willing to be on the cutting edge are paying the price – it is expensive, but it is the fresh oil!

Ian Clayton taught us that the house of the Lord is in the mountain of the Lord and the Lord is enthroned on the top of that mountain in a seat of government. The mountain of the Lord speaks about His government. In the Kingdom of God there are many mountains and each mountain has a house and a seat of authority. (See Ian's teachings on his page). This revelation explained Frans's prophecy at the convention (published in our past newsletter) that Ariel Gate is not a ministry but God calls it a mountain of the mountains of Zion. We find ourselves understanding the administration then of God's government in our small sphere or 'house'. In our personal house, in our corporate house, in our national house – who is sitting on the seat of government?

At the Intercession School in Cape Town, God challenged us to go outside the camp and pitch a tent as Moses did in order to seek God for a serious visitation. We did this during our 40 day fast and then God revealed to us that He has set this tabernacle or tent as a heavenly pattern as well. *The heavens declare the glory of God and the firmament shows His handiwork....Of the heavens has God made a tent (or tabernacle) for the sun.* Psalm 19:1 – 4 As He gave a pattern tabernacle on the earth, He has set a tabernacle in the heavens that aligns us with the stars and celestial government of God. Thy will be done on earth (according to the earthly tabernacle pattern) as it is in heaven (according to the celestial tabernacle pattern). God is opening a new realm to us. Genesis 1:14 informs us that the stars were made for 'signs' meaning in the Hebrew that they would tell us of what is to come eg. the birth of Jesus. So in essence the stars carry a testimony that we need to understand.

I encourage you to get the Ian Clayton's CD series on Supernatural Encounters. It has radically encouraged and challenged us to reach for more of God. Ian Clayton and Jeff Jansen who are forerunners in this arena will both be ministering at our 2008 conference, so make sure you book your place early!

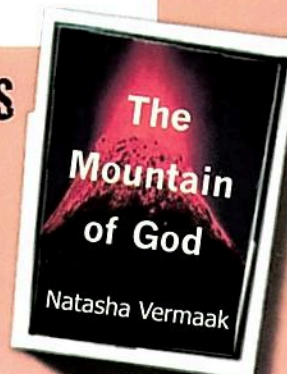

There is indeed new technology being released from heaven in this season. It is time to decide if you are willing to pay the price...

Blessings
Natasha

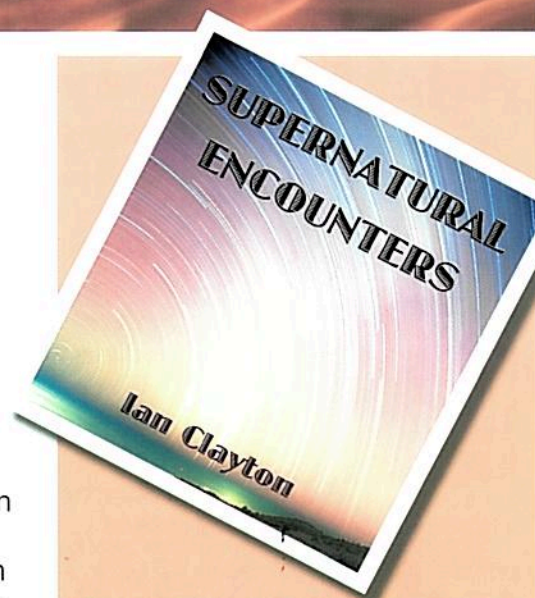

God created the stars, He knows each one by name. He created them to give light to the earth and to rule over the day and the night. Wise men followed a star to find Jesus. It is time to rediscover God's original purpose for the stars and how it impacts us today!
