ETHSA

APRIL 2005 NEWSLETTER

DEUTERONOMY 6:10

So it shall be, when the Lord your God brings you into the land of which He swore to your fathers, to give you large and beautiful cities which you did not build, houses full of good things which you did not fill up, hewn out wells that you did not dig, vineyards and olive trees that you did not plant.

Up until this moment the children of Israel had lived in the desert for 40 years in tents, not even seeing cities, houses, olive trees etc! All they know are tents and manna. They know they are about to enter into the promises of God, although they have never experienced this before and have no idea what this will look like. BUT - they are ready to go!

A new day is dawning for us too - for those who are involved in the marketplace and even those who did not see themselves in business. Moses explains to the generation who are crossing over into their PROMISED LAND that God is opening a window to GIVE them cities, houses, wells, vineyards, olive trees. As we cross into our promised land, God is also giving us territory that we have not had before and we are receiving responsibility we have not had to steward before either!

It is interesting to note that Sister Gwen birthed the ministry the End Time Handmaidens in 1966. This was 39 years ago, by next year 40 years would have been completed! We have been speaking about transitioning and crossing over since 2000! The season of taking the promised land for this mighty called out army of unconditionally surrendered handmaidens and servants of the cross is upon us.

For many years, ETHSA has shared in intercession, Sister Gwen's immense burden to see souls saved in the nations of the earth. This burden has deepened to a place of corporate intercession in our African expression where we have been asking the Lord for the nations as our inheritance. How many times have we not heard Natasha cry - it's too late for nations - God give us the continents!

God is hearing our prayers. When Natasha shared her heart on this while in Vancouver, Sister Gwen said that this was about the kingdoms of this world becoming the kingdoms of our Lord - a millennial anointing alighting on the earth. If God is going to give us nations, we must begin to lay a hold of them in a physical form. Let us not miss what God is doing!

In the last couple of months intercessors connected to this ministry have literally been GIVEN businesses. Some as partners, some as the total shareholder - it has been amazing to watch. Seven businesses at least have started in this season! These are people

we know personally and some have no training or background in the businesses given them! We know that it is GOD! He is giving us territory and lands that we have not built.

Some years ago, Wesley Campbell saw that we had another role to play other than intercession, he saw an apostolic council and asked us what that part of our ministry was called. Richard Heard also saw us being apostolic in our mission. Tudor Bismark has also named this a number of times. In seeking the Lord regarding these insights, we perceive that as a ministry we are to be a part of a kingdom global funding and distribution network. We would administer not only teaching resources for leaders to change mindsets over nations, but that we would publish these resources and be able to help ministries transition into their God-given callings. There is definitely an apostolic call to see the kingdoms of this world become the kingdoms of our Lord and of His Christ. Rev 2:22 "to him I will give power of the nations". God wants us to give us stewardship over the nations.

In 2001 we received the name ARIEL GATE and have waited to launch this new concept for a number of years. As I have been speaking about the Kingdom Marketplace Anointing, the anointing to steward nations, I feel that Ariel Gate has been landing. We registered Ariel Gate as a non profit organisation in the USA last year and finally received the legal paperwork in RSA this year!

As we have taken these first steps, we have been challenged by the demand and excitement from experienced business people in their positions, skills honed and simply waiting under authority for their orders to be sent from on high. They have prepared themselves for such a time as this, and the fresh revelation of their role as marketplace priests has stirred a revolution as it were! Business people are asking for mentoring and ministers and ministry leaders are asking for the same. They are ready to move!

As ETHSA and Ariel Gate we are endeavouring to steward the things the Lord is placing in our hands at this time and we are moving into destiny as we begin to publish and press books and CD's for distribution in Africa! We hope to see our first Zulu translation of Sister Gwen's book about "The Power of the Precious Blood" launched at this convention. Our vision to see the publication of other books by our African brethren is also underway.

It is an exciting time of transition and integration of business with intercession. Intercessors moving into business and business people gaining new understanding of intercession. The marketplace anointing is bringing both parties together to see the Kingdom come in the nations and the name of the Lord exalted above all!

IF YOU CAN'T BE AT THE 10TH CONVENTION – SOW A SEED IN FERTILE GROUND

SPONSOR AN AFRICAN PASTOR OR YOUNG LEADER

The delegates that come to the convention are a mix of pastors, intercessors, ministry leaders and business people.

It used to be mainly an intercession convention, but God appears to be changing the profile.

We have pastors and leaders coming from all over Africa to be equipped to at this convention and receive a word to take back with them for their nations. They are sacrificing to come because they believe that God releases strategic words and mantles for Africa at these conventions and they are coming to receive it for their nations.

We believe this convention is a time allotted to us to birth the purposes of God for Africa for the next season through prayer, intercession and the release of governmental instruction and decree.

NEW TAPES

Tapes from Namibia Convention

1. CHANGING YOUR CONSTITUTION

God is looking to build a house. We are the building material that he has to use and so he spends a lifetime refining us into material that can be built into a spiritual house. In this challenging first message, Natasha begins to open our understanding as to the process God uses to change our constitution from one form to another. It is time to move from reeds to stones to pillars!

2. THE SEASON OF CHANGE

A window of heaven has opened over us and we need to correctly position ourselves to receive what God is releasing. This will require change in our lives, changes in thinking, acting, giving. A moving from a slave mentality to a land-owner mentality. When God is ready to hand you something, stop being afraid of the giants and focus on the promise of God.

A challenging message!

This message was unfortunately wiped out at the camp, but we have substituted it with the similar message that she preached at the Vancouver meeting.

3. STEWARDSHIP

Stewardship is a key to being correctly positioned at this time. Jesus says in the parable of the servants in Luke 19: 12 – 27 that "those who are faithful in very little, have authority over 10 cities" verse 17. God wants to give us cities in the promised land – He wants us to rule and reign on earth, but He can only entrust us with cities when we have been faithful with what He has already given us. It is time to seriously seek the Lord on the quality of the stewardship in our lives if we want to qualify to rule with Him over cities.

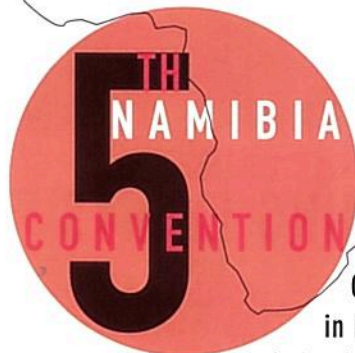

4. DO BUSINESS UNTIL I RETURN

A message not for the faint-hearted! Natasha preached on pillows and pillars and that God is looking for a place to rest His headship. It is time to grow up so that He can lay some weight on us! There was an incredible impartation of the anointing to do business and occupy until He returns. Everyone really began to soak in it and receive for themselves and their regions.

5. BECOMING A PILLAR IN THE HOUSE

Natasha released the reformers mantle to those who could receive it and were ready for it on the Sunday morning. This is a very heavy anointing and it weighed heavily on us as the camp finished. God is serious about building a house. He is looking for those who will pay the price and take the weight. Those who will work through their issues of being reeds, become stones and allow themselves to be taken through the fires of testing and trials to be precious stones that can be set into walls. And from there to move again and become pillars in the house that will hold up the weight so that His glory can cover the whole earth.

Proverbs 9:1
Wisdom has built her house and
hewn out her seven pillars ...

at Rock Lodge, Nambia

God continues to build on what he started years ago and his 'house' in Namibia is taking shape as by His wisdom its pillars are being hewn out and 'made' according to Revelation 3:12.

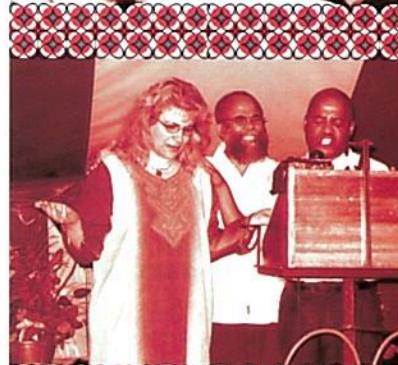

Since the Shebna message went out in 2003 the Eliakims [those whom God has raised - or in whom God has risen] - Isaiah 22:20, are beginning to take up their God-given mantles of stewardship and administration. This year, fresh insight is being given on the vast scope of His plan for the marketplace, the economy and ultimately, government of the nations. On Saturday night there was grace for Natasha to release the business anointing that is so heavily on her now. It was great to see the release of both business people and the intercessors who will undergird this move.

On Sunday the reformers mantle was received by prepared intercessors after her insightful message on the biblical understanding of pillars. One nugget being that pillars are people who will have a permanent position in His eternal temple - an 'office in heaven' so to speak - able to stand in and carry the weight of glory. They also hold up the covering [prayer]

and strengthen the walls by carrying the weight of responsibility. There was much insight in the message as Natasha challenged us on pillows and pillars!

We know that the pillars in Nambia, of which there are many - intensely practical people who hear and obey God with joy went home encouraged and inspired for this next season of change in the kingdom.

While the team went home Natasha continued to hold meetings in Walvis Bay, Rehoboth and Windhoek. She ministered mainly to business people, pastors and leaders, but people from all walks of life - doctors, lawyers, teachers, bikers, business owners. It was a blessing to us to see the unity of the saints in this nation who are ready to respond to the call of God and move with His every instruction! Much of Natasha's message was also recorded on TBN Namibia which will be viewed throughout the nation. Namibia has heard. Now it must start to affect the continent. We continue to hear testimonies and know that God is truly doing a new thing in Africa! **IVONNE CARNINO**

VANCOUVER ETH&S SUMMIT

This annual Canadian summit was hosted by our friends, Giulio and Lina Gabelli of Westwood Community Church. It is always exciting to be with these fiery Italian saints who are ready for anything!

They really set the stage for this wild summit of praise and impartation with Wesley and Stacey Campbell, Patricia Fraser and Sister Gwen. The theme was "Receiving the Double Portion" "Even today I declare that I will restore double to you". Zechariah 9:12

Natasha preached her favourite message on crossing into the Promised Land and then began to decree the word from Deuteronomy 6 "So it shall be when the Lord brings you into the land He promised to you."

From one end of the earth, Vancouver, Canada to another end of the earth, South Africa - God is declaring that TODAY He is restoring a double portion to His people if they are ready to receive it! Alongside this, she also released the business anointing. Sister Gwen and Papa Jim were first in line to receive it and were both slain under the power of this anointing!

Prayer Platform

Laying a solid foundation in prayer is key to ensuring that God's purposes will be established during the convention. Heaven needs a prepared "landing strip" for the word and the instruction to land on. This needs to be on a personal level as well as a corporate level.

If we want to see the purpose of heaven manifest, each one of us needs to prepare ourselves in fasting and prayer before the start of the convention. We need to create capacity on the inside of us to receive a download of revelation and strategy to take home with us for the next season. We will only be able to receive to the level that we have made space for God!

We encourage you to ask the Lord how he would want you to prepare. As a ministry we have been in fasting and prayer for many months and would invite you to be a part of this corporate preparation as well. Please contact Elizabeth (USA) (318) 861 1894 or Cheryl 082 871 8330.
