

Ariel Gate International Newsletter - August 2013

[View this email in your browser](#)

Hey everyone! Can you believe that we are more than half way through 2013. So much has and is happening - we truly are running with the horses! Apostle Natasha just returned from a great conference in Lesotho (see Lisa's article below) and we are excited with what God is doing in that nation. We started our annual fast in preparation for Rosh Hashanah and we are trusting God that He will transform and prepare us for the new year during this time.

We hope to see you at one of our events this month. We have the TIME FOR WAR apostolic / prophetic seminar in Polokwane on 17 August. It is going to be a great time of teaching and experiential learning with Apostle Natasha. All the men will not want to miss our MEASURE OF A MAN camp from 23 - 25 August in Cornelia, Free State.

Also mark your diaries with the dates for our Summit - THE FAMILY OF GOD. We will be having a children's program at the Summit, watch your inboxes for registration details.

We are truly excited about all that God is doing. He is doing the work IN us. As we submit, He will form us into a new wineskin that will be able to hold the new wine!

Blessings

Digging Explosive Wells in Lesotho

Its always a pleasure going to Lesotho. We are always welcomed with such great excitement, joy and love.

All of us who attended the Lesotho conference came home with a completely new understanding of wells! Teaching out of Genesis 26, Apostle Natasha explained that during the famine, Isaac went back and re-dug his father, Abraham's, wells. The Philistines had closed them, but Isaac knew there would be water in those wells. And once he had opened them, he honoured Abraham, by restoring

the original names.

In the course of this assignment, he met with the same challenges his father had faced. Specifically, being afraid for his life, Isaac lied about his wife, Rebecca, being his sister. Just as Abraham had done before him. But Isaac worked to overcome his fear and repair his marriage. He was then able to overcome where Abraham could not and Isaac dug more wells than his father.

So what does it mean for us?

We must understand who we are married to and with whom we are in covenant. We must be connected to a well - a source of living water. Jesus is that source for us. We must be connected to Him. It is more important to hold the well, than to hold the land. If we do not have water, you will not hold anything for very long! If we are not connected to the well, Jesus, we must keep digging (repentance) and drilling (speaking in tongues) to remove every obstacle that keeps us from Him.

This was just a taste of the teaching, I could never cover all the revelation and teaching that Apostle Natasha downloaded, so I recommend you get the DVDs or Cds! All I know is that Lesotho is definitely digging wells....explosive wells!
