# A NEW DAY IS DAWNING...

DECEMBER 2005

**"TO EVERYTHING THERE IS A SEASON, A TIME FOR EVERY PURPOSE UNDER HEAVEN" ECCLESIASTES 3:1**

It **IS** a new season and it **IS** a new day. There has been a tremendous shift since Rosh Hashanah at the beginning of October 2005. The 'new things' that we have been waiting many years to see are beginning to break forth **NOW**. The favour of God is becoming increasingly evident in our lives. Our prayers of many years are beginning to be answered ... we are excited!

As we enter this new dimension in God, we are again faced with the challenge ... are we ready to pay the price for this new place? Every dimension has a different protocol. The rules have changed, the warfare is stronger, the demand on us is greater than ever before – are we prepared to give it all to Him again? Are we ready to make a fresh commitment to Him to follow the Lamb in this new season?

God is giving us what we have prayed for ... we are receiving territory! When we receive this – we will need to **DO** something! As intercessors we have prayed for years for the nations and for territory – now that He is beginning to give it to us – are we ready to rule and reign in this new territory? If not – we need to do something **FAST** to get ready!

This year has indeed seen the sealing of the old and the unveiling of the new as was prophesied at our 10th convention in April. With the redemption of the German mantle at the convention, we felt a

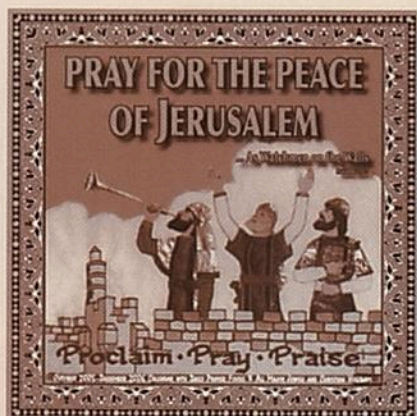

sealing of the past 10 years of the ministry. Since that time we have walked through a new door that has opened before us and what an exciting, but challenging time it has been.

We have established Ariel Gate Africa Publications Pty Ltd – a company that distributes books and CDs throughout Southern Africa. We want to see strategic, cutting edge resources made available in our nations and we want to see the much-needed voices of the African apostles published and widely distributed. Just this year we have secured rights to distribute Dennis Peacocke's materials, Heather Clarke's music and we will be publishing some of Bishop Bismark's books early in 2006.

We have taken new territory in Selebi-Pikwe (Botswana), Victoria (Canada) and California (USA)! I have been waiting 20 years for the right door to open for us in Europe and in October 2005 – this strategic door opened in Stuttgart, Germany. From this visit, the surrounding nations are also opening to the ministry of Ariel Gate.

God has given us new strategic relationships and we foresee even more being forged in this new season. Remember to stand firm in what the Lord has established for you thus far, as we go to build in this new territory that the Lord is opening to us.

# CAPE TOWN CONVENTION 2005

We started the conference with a review of the last year – sharing and imparting from the conferences and mission trips that we had attended (*\*2005 Review*). The next morning Natasha ministered an extremely important word from Ecclesiastes

finances and giving that is full of revelation – learn how to engage heaven with giving and understand how the angels move on our behalf with each offering. God has an economy and we can no longer afford to be ignorant

3:1 "To everything there is a season and a time for every purpose under heaven". We have just entered a new season and it is imperative that God's people know how to behave and how to administer spiritual things in this season. In each season, we must identify the KAIROS TIME for the purpose of that season to be birthed. (*\*A Time and the Season*)

We were so blessed to have Rona Spiropoulos with us from Engeltal. She spoke to us about *"\*Remove Not the Ancient Boundaries"*. A NOW word that challenges us to lay hold of the inheritance that God has for us and NOT to simply try and take your neighbour's inheritance. Natasha followed up this exhortation with a strong word about changing your mindsets. It is time to take the land that God has apportioned to us, BUT we need to change our mindsets. We MUST think differently! (*\*Changing Mindsets*)

In the midst of a heavy anointing, Natasha spoke to us about *"\*Trading with Heaven"*. This was a God appointed word that released a new anointing for stewardship. This is a teaching on

of how it operates! DON'T MISS THIS MESSAGE!!!!

That evening we were again encouraged to press into the process that God has for our lives in Natasha's message on *"\*Extreme Makeover"*. The word of God comes to refine us and refine us and change us until we look like the word! If you have not heard it – this will strengthen you to embrace the pain for the joy set before you!

All too quickly, our last meeting was upon us. Natasha challenged and exhorted us to know our measure and operate in the fullness of it. *"\*Boundaries and Measurements"* God needs every person in their place and functioning in the measure that he has given in order to take the land!

It was a time where God worked in each person very deeply and we know that our thinking and our lives have been radically changed. We highly recommend that you get the messages as they contain important instruction for this season that we have just entered. (*\*All messages available from the office*).

# REPORT ON "CELEBRATING 12 YEARS OF MIRACLES CONFERENCE EAGLES NEST MINISTRIES - GEORGE 2005 BY APOSTLE JAN HORNE

## GERMANY

As a church we are very excited that God could use the Apostle Natasha Vermaak in such a powerful manner. She really shed light on our first evening, on the theme Feast of Tabernacles whereby she explained the maturity of the set man in the house. Through prophetic actions, she answered a lot of questions from the Word of God to the congregation. The Spirit of God moved tremendously and people could experience the Spirit of wisdom and knowledge in an awesome way.

God used her over the weekend to explain the significance and role of an Apostle and about the 12 pillars that brings a new order in our church. The intercessors have new zeal to pray for God's servants like never before. The leaders of the church have a new perspective on laboring in Father's business. She confirms the kingdom mentality in our church and leaders will definitely run with the message.

It was indeed by the Spirit that she could avail her time to be here at such a kairos time, because the Word that she delivered fit like a hand in a glove for our house. We salute Apostle Natasha and recognize the anointing on her life.

What a privilege to attend the "**Jesus Pure**" conference with Pastor Ise Schmid. The theme was In His Presence and we were overwhelmed by Him! Natasha preached a great message on understanding the season and being correctly positioned when the window opens over you. Dr Greg Austin - an incredible apostle from USA - also ministered an encouraging message on the presence of God. Pastor Ise combined the conference with her wedding to Hrvoje Sirovina and Dr Greg conducted the service on the Sunday morning. After all the difficult times that Pastor Ise and her church have endured, it was so precious to be able to celebrate this happy event with them!

The church is made up mostly of Germans and Croatians (living in Germany) - and what special people! We felt like we found some long lost family! We indeed beheld how good and pleasant it is when the brethren dwell together in unity. Many of you know about the tremendous persecution they have faced over the last 18 months, but we never heard them complain once! We discovered that many of them face major persecution from their families because they are born again and have been baptized - many have had to leave their homes for fear of retribution from their parents. But God is indeed doing a deep work among these faithful servants of God and I encourage you to pray for them as they continue to face persecution from their families and the authorities.

Having a few days extra after the conference, Natasha and I travelled with some of these crazy intercessors to Herrnhut in East Germany. This is the home of the Moravian church and the burial place of Count Van Zinzendorf. Many of you know about the Moravians who gave a legacy of prayer to the world - 100 years of 24 / 7 prayer out of Herrnhut. From this church they sent out missionaries that touched many far-flung places of the world. Faithful people from this church would sell themselves into slavery in order to reach new lands and souls for the Lord. Their 2nd mission station was in Cape Town. You will remember when Natasha redeemed the Moravian baton and handed it to the Khoi people at our 1999 convention. So we wanted to go there to say thank you to those who had laid down their lives so that we in Africa could receive the gospel. We also received a baton of intercession from them.

This visit to Germany impacted us in so many ways and we are so grateful to God for this door that has opened to us in Europe!
