Well - hello you all! We're just back from a great trip to the USA... had an awesome conference with Apostle Tim Carscadden and the team in Shreveport, Louisiana.

Check out the full report below (or better yet, get Bev's report on CD from the Sunday meeting) and make sure that you order some of those messages - if you miss it, you are definitely missing out!!!

There's also a full report on our Next Generation conference that we held in June. So exciting to see God stirring such passion and hunger in the young adults for Him. Our Thursday and Sunday meetings are in full swing at the new premises. The most exciting development has been the introduction of our Little Lions class on Sundays.

This program offers Kingdom Life Training for our children. Chantel has been overseeing this project and the children are loving it!

In August we will be holding our first ever Men's Camp - The Measure of a Man - that will be hosted by Andre Kotze in Cornelia, Free State. Make sure you book your place! We are also holding an apostolic/prophetic training seminar with Brix Rapholo and Samuel Company in Polokwane, South Africa on 17 August 2013. Contact the office for more details if you would like to join us.

We do want to take this time to thank each and every one of you who have been covering us in prayer this last month - we so appreciate you and the sacrifice you make in order to see His Kingdom established in this nation and the nations beyond.

Until next time....

Keep pressing in for more of Him!

The Ariel Gate International Team

USA Report

Thank you all for your prayers during this trip to the USA. We believe that it was very successful and we are excited to see the fruit of it in the coming months.

We started in Idaho Falls-ministering at Father's House- a small church that attracts members from all across the region. We were meant to be doing a conference on OPERATING IN THE COURTS OF HEAVEN with Robert Henderson, but he could not be with us due to personal reasons. We went ahead and taught on the courts of heaven and did practical application of it as well. This encouraged everyone there to start working on Apostle's repentance book.

At the church service on Sunday, Apostle Natasha taught on the mandate of their church according to the name and scripture they received and we set the elders in place to receive the book of their church. It was as if God was giving them a fresh beginning.

We then went to Shreveport to be a part of the BRIDGING THE APOSTOLIC AND PROPHETIC conference hosted by apostle Tim Carscadden and Shreveport Christian Center. This conference was just explosive!

Robert Henderson started out with an awesome word on releasing the apostles from their caves. Apostle Natasha followed up with a teaching on the early church fathers - 318 of them who wrote the Nicean creed.

Apostle Tim shared on apostles and prophets working together. Robert Henderson then taught on the courts of heaven and taking your seat of authority in the courts.

Dr John Kelly was next with many words of wisdom on how to build apostolically and also how to change the atmosphere around you. Robert Henderson did another incredible message on the books of heaven. We then went to court to lay hold of the book for Louisiana... It was a holy time before The Lord.

That evening, Dutch Sheets came and read from the book for the region. He spoke about knowing that the old season is over and how one needs to connect the seasons in order to make the correct transitions.

The next morning he continued with one of the best messages that I have ever heard on the apostolic and prophetic-everyone HAS to get it! Just laying out an extremely accurate picture of how apostles and

Next Generation

Nothing is Impossible with God!

NOTHING is impossible with God....our theme scripture became a rallying cry at our latest conference as young people received a deep understanding that God has chosen them in these days to be the change that they want to see in the world.

The speakers were excellent, the worship awesome and God just really showed up! Afterwards, many testified that it was just as if God reached down and simply '*got hold of them*'. He ministered to the young people, challenged them and empowered them to take the next step in their walk with him. Although for many, it was not a step, but rather a giant leap forward!

We experienced some incredible times of worship - Victor and Colin Magwedze did a session of hip-hop that brought the presence of God into the house in a mighty way. The weight of His presence just kept increasing and heaven opened over us the last night. We are still receiving testimonies of people whose lives were significantly changed - supernaturally!

Each session released a key.... Acacio spoke to us about our position and responsibility as sons of the most High God. When we understand WHOSE we are, we understand WHO is with us and why nothing is impossible with Him. Brix Rapholo continued this theme in his session. He challenged us to seek God for who He is and not for the gifts He can give us. God is looking for true sons.

Apostle Natasha laid a foundation of honoring our fathers and mothers in the faith. We need to learn about them - their patient endurance, their faith and their revelation of who Jesus is. We need to share that same passion if we want to lead in this generation.

The workshops, as always, were interactive and informative. Ruth shared on the subject of self harm. Many were ministered to and we also gained real insight into the prevalence of this phenomenon. Not only did we learn what it is, but how to identify those involved in it and how to begin to help them. Andre's workshop on '*Have I Got What it Takes?*' impacted

prophets work together.

On the last evening, Dr Kelly rounded out the conference by declaring that apostles go to war and that this apostolic house would need to go to war in order to do what God was calling it to do. We prophetically built the bridge between the apostles and prophets.

In the Sunday church service, Dutch Sheets gave a very clear and direct word to the church on the cost of becoming an apostolic center. He explained some of the process they will go through and how to effectively make the transition from a church to a city of refuge or apostolic center.

This conference was historic for the region and we feel so privileged to have been apart of it. We know that there will be much fruit from it in the coming days.

the guys greatly - so much so that we are following it up with a Men's Weekend camp in August (registration forms available from the office). The ladies workshop challenged everyone present as Dienie shared deep personal revelation on resurrecting dead dreams.

Matthew Bismark was incredibly inspiring as he taught us about being change agents. His message on the release of a Samuel season shifted us into that new season. He finished by challenging us to develop ourselves so that we are ready when the door of promotion and opportunity opens.

It was a packed weekend of teaching, worship, prophetic word and impartation - but the most exciting part for me has been the testimonies that started flooding into our office directly after the weekend. So many lives changed and set on fire - young people stepping out into their destiny because they have a deep understanding that NOTHING IS IMPOSSIBLE WITH GOD!
