On 11 February 2013, Pope Benedict XVI resigned. When he actually left his office on 28 February 2013, we had a Sede Vacante in the church. Prophetically speaking, a global seat of government for the church was vacated. There has been much speculation regarding who will take his place. Many are saying that the Catholic Church needs a strong leader to come in and clean up the Church's reputation which has been tainted by repeated sexual scandals. Although they are talking specifically about the Catholic church, I believe the same can be said for the church global. We are in a sorry state!

When we look at the world today - we see destruction, death and chaos in all the nations of the earth. And the Church of Jesus is making no discernable impact on the nations. There are pockets where the church is making a difference, but on the whole we have yet to see whole nations being disciplined into the Kingdom. I believe that this breaks the heart of God. He sent His Son so that nations could be saved. God is looking for whole nations to be saved and transformed. Justice and righteousness to replace corruption and poverty. If we are to see this, something needs to change! We cannot simply keep on doing what we have always done and hope for a different result. We need a new leadership - a kingdom leadership!

Malachi prophesied a change in leadership - he prophesied a messenger being sent that would purify the sons of Levi. (Malachi 3: 1) I believe that Jesus fulfilled that prophecy when He cleaned out the temple with a whip in John 2:14 and Matthew 21:12.

He was announcing that the present leadership had not done their job. His Father's House was not a House of Prayer, but looked more like a den of thieves. Jesus overturned that system and cursed it. (Get the full teaching on House of Ripe and Unripe Figs from the office). He then instituted a new priesthood with a new apostolic leadership.

Today, I believe that God is again causing a leadership shift. He is coming to His church and in every place where we look more like a den

of thieves than a House of Prayer - Judgement is coming! God wants a House where all the nations can find a place to worship according to the pattern prophesied in Isaiah 56:7. Right now we need leaders who have the heart of the Father for nations and will not be deceived into settling for anything else. Leaders willing to lay down the old wineskin and embrace a new one so that the Lord can have His way in the earth.

As I write this newsletter, there is still a Sede Vacante. The cardinals are gathering in Rome to vote for their new Pope. Heaven is waiting for the ekklesia to vote with their voice on the sea of glass. The priesthood is changing, those who have been purified by fire ARE beginning to bring offerings in righteousness which is opening the windows of heaven over nations... the priests are taking their place. But where are the leaders? Where is the global apostolic leadership that must govern and lead this new move of God? The seat is waiting to be filled!

"Marriage is not an anti-dote for loneliness, it is an anti-dote for powerlessness!" This was just one of the nuggets of wisdom that Apostle Robert Henderson taught us at, what many are testifying, was the best marriage seminar EVER! We laughed and cried through the whole weekend as Robert and Mary shared their struggles and triumphs through their 36 years of marriage.

We learnt about the God's apostolic vision of marriage and how the enemy seeks to subvert the power locked up in this covenant. There was an excellent session on sexual union within marriage and how this is what sets marriage apart from every other covenant relationship. He gave much wisdom to singles on finding God's partner for your life and he and Mary prayed for a release of those partners to the singles that were present.

His message on BITTERNESS is one that every person needs to hear. Preaching from Malachi 2 and Hebrews 12, he teaches on the process of how a root of bitterness forms and grows in our lives. He expounds on the damage this does to our relationships and how we need to deal with it. Awesome stuff!

Overall I feel that God laid the principle of strong apostolic marriages into the foundation of Ariel Gate and this has caused a shift for us. I was just reading the following out of Denis Peacocke's new book ON THE DESTINY OF NATIONS.

*"The traditional family unit has historically been viewed as the core social unit of any culture or economy. The family unit, for good or ill, is the first engine of social values that we have as children. This is why healthy nations or healthy economies are built on healthy family units producing wise decision makers who create solid economic markets. For us as believers the biblical anchor to the social and economic health of any nation is that strong marriages produce healthy families."*

If we are going to disciple nations - which we are called to do - then it starts with forming strong marriages and this seminar was instrumental in setting the standard!

## KINGDOM LIFELINE APOSTOLIC MINISTRIES... ABUJA, NIGERIA

This was our first trip to Nigeria and we stand amazed at what the Lord did in the short time we were there. It was wonderful to be with Apostle Yemi Adefarasin and his wife Sharon and see the Kingdom work they are doing in Abuja.

The theme of the conference was CLEANSING OUR GENERATIONAL BLOODLINE and Apostle Natasha started off by teaching on the need for this type of cleansing. She highlighted the plight of the nations and the lack of impact that the church is having in discipling the nations. She taught on the difference between traditional church leadership and the kingdom

leadership that is needed if we are to see nations saved and transformed. The last evening of the conference she confronted the false prophetic movement and

challenged Nigeria to raise up 'naioths' in their cities.

We also did a day of corporate bloodline cleansing. God allowed us to retrieve the books of several of the major tribes of the nation and in turn present them, as redeemed tribes of Nigeria on the sea of glass. It was an awesome time of courtroom prayer and apostolic administration! At the Sunday church service, Apostle Natasha taught a message on the House of Ripe and Unripe Figs that challenged the principality prevailing over the Nigerian church. This message was delivered under apostolic authority that brought order and restored God's pattern in the House. We know that Kingdom Apostolic Lifeline Ministries will never be the same again!
