

THE FAMILY OF GOD - An Ariel Gate International Report

[View this email in your browser](#)

We have just finished our 4th Ariel Gate Summit and, as usual, God did so much more than we could ever ask or imagine. The measure of the true family was clearly communicated and the book of the family - its purpose and grace - landed! As each speaker presented apostolic teaching on God's view of family, we experienced a growing sense of family among all those present.

It was also our first ever Little Lions Summit for children ages 2 - 10 years. All the children had a wonderful time with several giving their hearts to the Lord and also being baptised in the Holy Spirit. If you were not able to be with us, we encourage you to order the summit messages from our offices. We include a short overview of each message below for you. Until the next time...

## Session 1 - The Family Mountain

Apostle Robert Henderson taught on the purpose of the family - explaining that the breakdown in biblical family structure has been the cause of the breakdown in every other mountain of society. In order to see society changed, we need to start by reforming the family mountain. The first step in that process is understanding what family looks like according to

The Summit was held in the ten Days of Awe as we entered the year 5774.

## Session 2 - The Tithe

The finances of any family are an integral part of the house and this is certainly true for the family of God. We, as God's people need to understand God's plan and pattern for financing His house. The tithe and first fruits are components of this financial system. Apostle Robert gives a PHENOMENAL apostolic teaching on why, where and how God's people should give. THIS IS A MUST-HAVE MESSAGE. You have NEVER heard teaching on tithing like this!

## Session 3 - Building Generational Families

Judges 2:7 & 10 *And the people served the Lord all the days of Joshua, and all the days of the elders that outlived Joshua, who had seen all the great works of the Lord, that he did for Israel.... and there arose another generation after them, which knew not the Lord, nor yet the works which he had done for Israel.* Dienie Kotze teaches us how to ensure that our families continue to serve God through each successive generation. Learn to identify and overcome the challenges to walking in generational destiny.

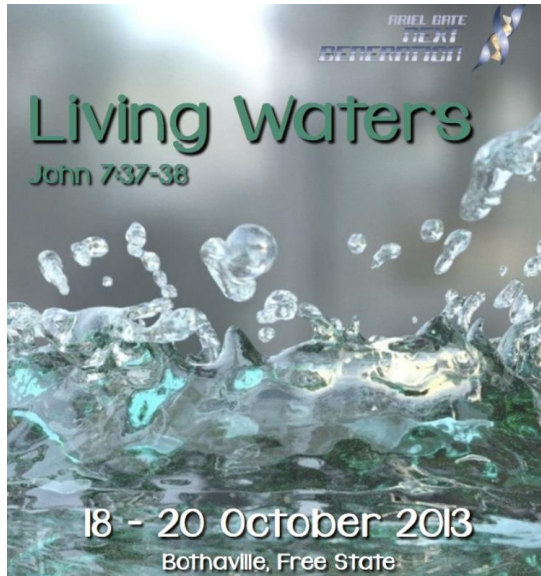

## Session 4 - Passivity

Andre Kotze teaches how the spirit of passivity and compromise in our lives will cause us to murder the coming generations. In this practical, hard-hitting teaching, he shares from his own life on the danger of a passive spirit and how to identify and overcome this destructive spirit. Dienie then shares on how women stand in the way of men taking up their identity in God.

## Session 5 - Parenting With Purpose

Jesus was entrusted to Mary and Joseph to parent - imagine that responsibility! Apostle Robert teaches us how, just like Mary and Joseph, every parent has been entrusted with a child to raise and bring into their Godly destiny. He shares some strategic keys for parents on how to lead our children into increase in wisdom, stature and favour with God and man.

## Session 6 - Governmental Authority through Community

*There is no challenge that we face right now, that a greater realm of authority would not fix.* If we are to see our nations changed, the church need to walk in more authority. One of the ways that we gain greater authority is through the establishment of community. Apostle Robert Henderson walks us through examples of government through community and lays out the guidelines for developing these communities.

## Session 7 - The Principle of Alignment

Houses are built through the principle of alignment. In this message, Apostle Robert outlines the purpose and process of alignment. He also prophetically challenges the house of Ariel Gate International as to its alignment in the coming season. A MUST HAVE for every person who is connected to Ariel Gate International.

## Session 8 - The Family is an Army

In our last session, after the book of the family had landed, Apostle Natasha began to apostolically remind us that the reason for becoming a family is because God needs an army. She went on to describe the global challenges that we, as the ekklesia of God, face today. It is going to take a people, living as a family in covenant community, with the necessary tactical warfare skills, spiritual intelligence and grace of God (learned and imparted in the house) to fulfil our Kingdom mandate.
