We are into the last few days of our fast.... Rosh Hashanah and the new year of 5774 are around the corner! That means our Summit - THE FAMILY OF GOD - is almost upon us as well. I want you to hear what Cheryl is hearing the Lord saying for this summit.

This Summit is about God declaring and setting a sound in the atmosphere that **He is God the Father** who has established the true family in its measure and form. God's name is on this true family on earth which is patterned after the family in heaven and is in accordance with His pattern. God's name rests on the true family in the sense that this family carries **His name**. This family is in covenant with Him and His name covers them like a garment. It is like He recognizes who is part of His family and they are marked by Him.

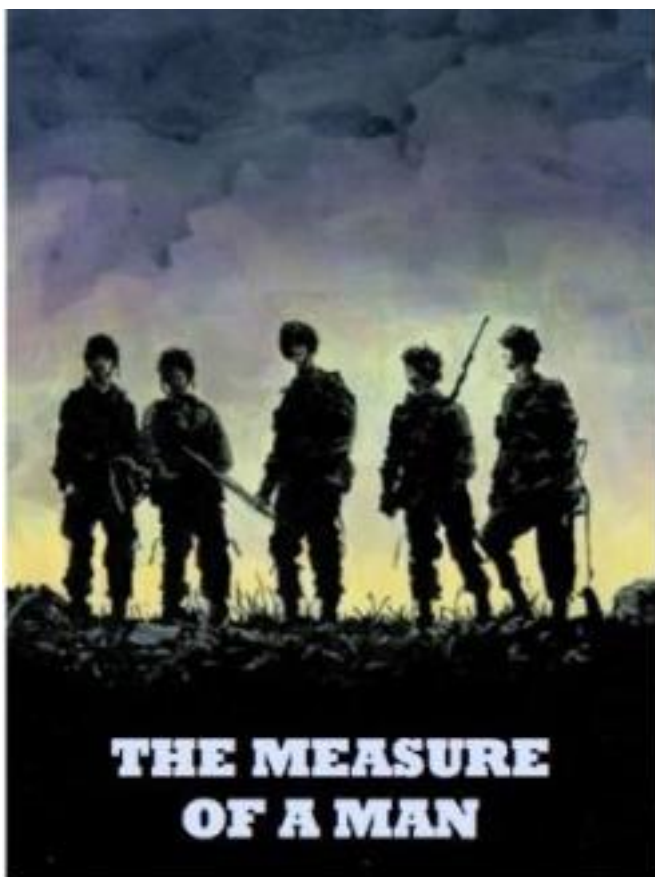

I see this Summit as a declaration of God saying, "This is my pattern for family." A pattern established by Him and for Him. Anything that does not look like His pattern is not going to be recognised as part of the family because God is setting a standard in the spirit. Those who are recognized as His family, are coming to bow to God and acknowledge Him as the true Father and God (Ephesians 3:15) and to agree to

carry His pattern on earth. I feel that there is a measure of the *manifold wisdom* of God that is about to be made known to the principalities and powers. I also sense that this is God's mercy because when God sets a standard in the spirit, people can hear the truth, and the truth will set them free.

Wow! God is looking to place His name on His family. He is about to release the true measure of family to us. We are not only called to be an army, we are also called to be a family. Don't miss out - there are still places available for those who would like to join us at the Summit. Remember also that we are hosting our first Little Lions Summit for children ages 2 - 10 years at the same time. Registration forms can be downloaded from our website.

See you all next week at the Summit!

The Ariel Gate International Team

The men's camp was a life changing weekend!!!!!!

Andre Kotze is a true man after God's heart and we were privileged to have him share with us about God's measure of manhood. We were challenged by what the measure of a man truly is. Can we stand before the world and before God and say "Behold the man". Can we say, "Look at me, look at my life - I am a

I firstly want to thank Apostle Natasha, Bev and the whole team for coming to Polokwane, and for your willing hearts to let the Lord use you to bring change in Polokwane. I learnt so many things from the conference. Apostle Natasha taught us that we need to know how to come in and go out before the Presence of the Lord. Everyone needs to know how to access the council or Presence of God. She taught us what it means to fear God and I received a

reflection of the One and only true God. I belong to the King of Kings, I am a son of God, I am in the image of the One who sits on the throne."

We, as men, are constantly measured by others or by ourselves. The question is, by what do you measure yourself? We measure ourselves by our function, by our intelligence or by our appearance. But God intends us to measure ourselves by our purpose and the destiny which He planned for our life. [Read More](#)

deeper revelation of repentance and hating sin.

We learnt about how the apostolic and prophetic should work together to establish the Kingdom of God and be relevant in the world. [Read More](#)

All messages from these events are available on CD or DVD. Place your order [here](#)
